Record Number of Land Real Estate Professionals Gather In Texas To Gain Expertise

June 11, 2018 (Chicago) – The Realtors® Land Institute (RLI), an affiliate of the National Association of Realtors®, is proud to announce a record-setting number of land real estate professionals in attendance at their annual LANDU Education Week. Fifty attendees from fourteen states gathered in Arlington, TX, last week to gain top-notch expertise through RLI's Land University (LANDU) Education Program. Twenty-one of those students completed all 6 courses being offered towards the elite Accredited Land Consultant (ALC) Designation.

"We couldn't be happier with the turn out or more excited to be getting so much great feedback about our newly updated courses, especially as this is the 30th anniversary of RLI's Land University (LANDU) Education Program. We are so proud of all the students that took a valuable step towards furthering themselves as industry experts by coming out to complete the course work," said RLI CEO Aubrie Kobernus, MBA, RCE.

LANDU Education Week attendees were among the first to experience the newly updated courses which feature increased attendee interaction as well as new takeaway resources that will help them to implement the expertise they have gained after returning to their businesses. By the end of this year, RLI's education program overhaul will include updating a total of ten courses with fresh, relevant content and the addition of a *Recreational Land Real Estate* course to meet the changing needs of land professionals in the industry.

Newly updated courses that were offered at the 2018 LANDU Education Week included *Land 101: Fundamentals of Land Brokerage*; *Land Investment Analysis*; *Transitional Land Real Estate*; *Tax Deferred 1031 Exchanges*; and *Real Estate Mapping Technologies & Techniques*. RLI will be hosting additional updated courses online throughout the year.
